

YOUR CHILD'S EDUCATION MATTERS

SOLCA attracts motivated students who desire a quality education founded on Christian principles and seek to glorify God in their lives. Teachers work with each student to help them excel academically and prepare them for the next grade level.

LEARNING BENEFITS

- Certified teachers meeting rigorous standards.
- Quality education grounded in Christian values and biblical truth.
- Loving and caring atmosphere.
- Optional elective courses include music, art, sports, and language.

OUR MISSION STATEMENT

By the grace of God, Spring of Life Christian Academy exists to provide a high-quality education that is grounded in academic excellence and biblical truth. SOLCA seeks to empower its students to fulfill the purpose for which they were created and to have a positive impact on the world for the glory of Christ.

PHILOSOPHY OF EDUCATION

- We believe that education is the process of developing a person spiritually, intellectually, socially and physically through correct understanding and application of truth.
- We believe that the Bible is the foundation of learning.
- We believe that the school does not replace the Church or parents but works in partnership with parents to help a child grow.

OUR PROGRAM

Spring of Life Christian Academy will offer classes to K-6 students Tuesday through Friday during the 2024-2025 school year. Students will receive instruction in language arts (reading and writing), math, science, and history. Bible and elective courses will also be part of the curriculum. Our certified teachers work closely with parents to ensure a student's needs are met and interests are considered throughout the education process. Field trips and other events will be planned throughout the school year. This model allows for individualized learning and fosters a sense of community, creating a collaborative and supportive learning environment.
